IT IS ORDERED that Big Sandy Rural Electric Cooperative Corporation ("Big Sandy") shall file an original and six copies of the following information with this Commission, with a copy to all parties of record within 10 days from the date of this Order. If the information cannot be provided by this date, Big Sandy should submit a motion for an extension of time stating the reason a delay is necessary and include a date by which it will be furnished. Such a motion will be considered by the Commission.

1. In reference to Item 5 of Big Sandy's response to the Commission's Order dated April 29, 1992 ("April Order") Big Sandy stated that the difference between the estimated cost of projects completed and the actual cost of these projects is \$20,498.

However, the reimbursement schedule provided in Tab 27 of the application shows the difference to be \$6,889 instead of the \$20,498.

a. Explain how the \$20,498 was derived.

b. If the difference between the estimated cost of projects completed and the actual cost of these projects is different from \$20,498, provide a revised copy to Item 5 of your response to the April Order. Also file a revised copy of the REA Form 740C that will reflect the changes.

Done at Frankfort, Kentucky, this 23rd day of June, 1992.
